

12v	3 x 0.18w max	5 LIGHT KIT		DIY				
			LED		Deck Lights	Transformer		

A stunning looking square deck light set, that provides fantastic ambient lighting. Easy DIY installation (given access to a GPO or Plug Socket). These can also be installed into eaves to provide soft downlight into garden beds. In a deck situation, installation on the vertical provides effective foot lighting and on the horizontal a great uplight effect. Constructed from 304 Stainless Steel and available with either a white or blue light. 12 Month Warranty.
